WIN LLC Capabilities

Expertise. Innovation. Collaboration.

✔ Diverse Expertise
✔ Advanced Problem Solving
✔ Focused and Measured Approaches

Providing risk management and cybersecurity expertise for 20 years.

WIN is outcome driven and outcome focused, with past experience supporting financial institutions, federal government and private sectors, non-profits, and health and academic organizations.

ABOUT WIN

WIN helps people and organizations strengthen their cybersecurity hygiene through risk management practices, developing more resilient personnel and capabilities, and providing workforce development programs that produce high performing teams. We identify and address risks upfront so that organizations can continue delivery of missions and services.
